SPORTS & SMALL CARS

1991 NISSAN FIGARO

OWNER: ADELE DUBA

Introduced at the 1989 Tokyo auto show and sold exclusively in the Japanese market in 1991, the Figaro was produced in limited quantities and customers had to enter and win a lottery for the right to purchase one. A fixed profile convertible, the Figaro was available in four colors representing the seasons, and was equipped with a 4 cylinder turbo charged engine, leather interior, air conditioning, power steering, electric windows, radio with a CD player, and a slide back open roof.

This Figaro was purchased in Japan by the current owners, restored by Figaro specialists in the U.K., and brought to its new home in Naples, FL.
